Others :

LIGHTS

Required :

- GrandMall fixing console or equivalent
- Lights from the top x3
- Lights from behind x3
- Front x3
- Automatic x4
- Laterals x2 mini

Others :

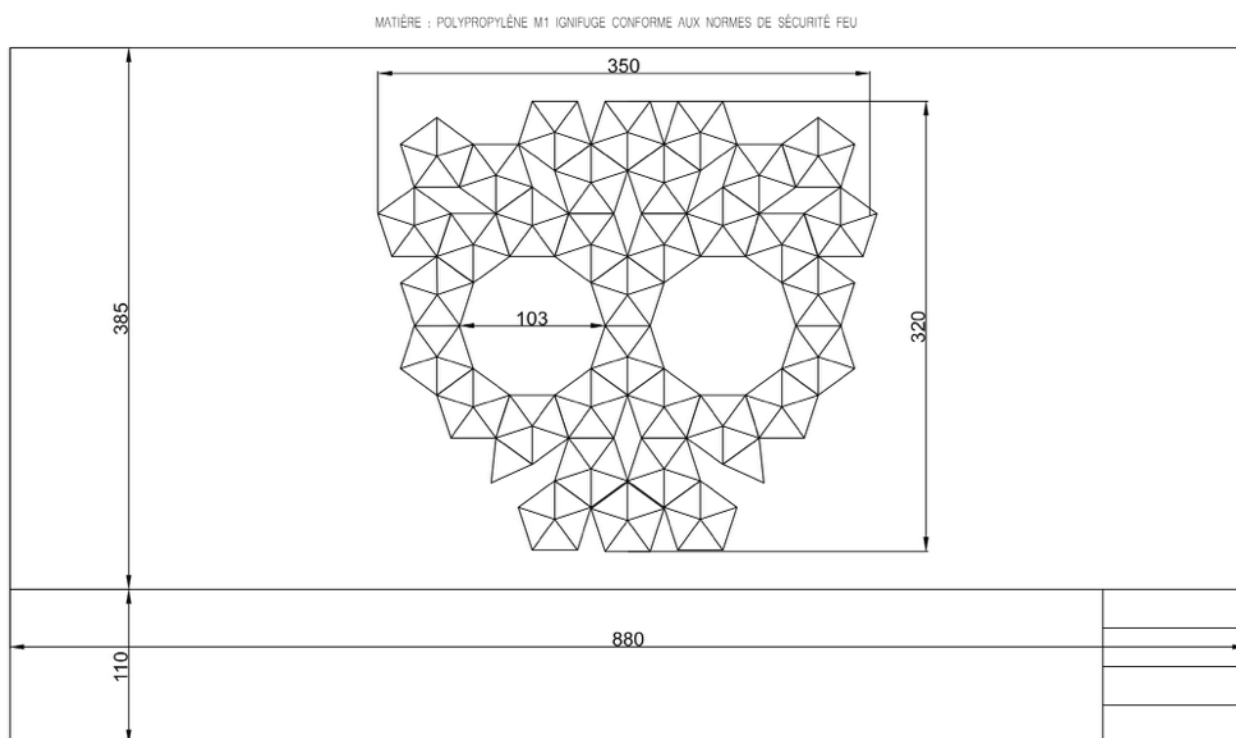

- No fog machine

STAGE DESIGN

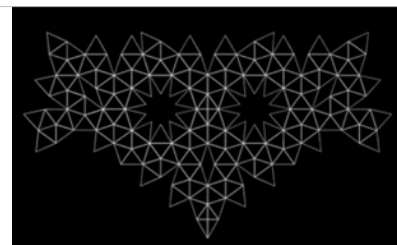

- 1 videoprojection
- Stage background 3m50 height minimum
- No fog machine
- Set up time : 1 heure
- Mapping time : 30 minutes

WIFI Network : Computer for Sound, Mapping and Lights communicate through a local network + Châtaigne

The stage background is made with a suspended supple structure 3m50 width and 3m20 height. The actual size can be reduced to fit in smallest places. Pentagons are fireproof polypropylene M1 according to the anti-fire standards.
